

ESA Report Summary (11 Crown St [June 2014])

Christopher McGoldrick

July, 2014

This report done in June of 2014 by Tighe & Bond was completed with the intention “to analyze remediation alternatives for Areas of Concern (AOCs) at the property located at 11 Crown Street in Meriden, Connecticut (the site).” The site, which at the time of the report was “1.67 acres of land at the intersection of Perkins Street and Crown Street”, is currently “Industrial, Manufacturing” and is zoned as “TODP” (Confirm with Planning Office).

The report details the following: Site Background, Remedial Objective & Applicable Criteria, Remedial Strategies, Remedial Action Tasks, Compliance Monitoring, and Implementation Schedule.

The full report is available as E-Copy in this catalog and/or hard copy in Meriden’s Economic Development Department.
