E. J. DOOLITTLE	1881
CHAS. R. DAVIS	1886
WILLIAM H. ROYCE	1888
BENJAMIN PAGE	1889

*Deceased.

EXPLANATORY NOTE.

The numbers enclosed by circles indicate relative elevations. Example:: The R. R. crossing at Main St. is 0, the summit of East Main St. is 223, showing that the latter point is 223 feet above the R. R. Also, the zero point (R. R.) is 131 feet above mean sea level, hence the addition of 131 to any elevation gives the height above the sea. Example: The summit of East Main St. is (223 + 131) 354 feet above mean sea level. The minus sign indicates number of feet below R. R. crossing at Main St.

MERIDEN FIRE ALARM TELEGRAPH.
